About the show:

"**Reclaimed**" is the name of the "UAACOG Recycled Art Show". This show is all about how art and inspiration can "reclaim" trash and we wanted our name to reflect that.

To enter the show, artwork must be made from anything that was originally manufactured, but who's destination is a landfill. Pieces must contain a minimum of 75% recycled content.

Whether driven by materials or artistic vision, the artists of "**Reclaimed**" honor and sustain our planet with their work. We would like to invite YOU to be a "**Reclaimed**" artist.

We once again have partnered with the Fremont County ReStore for "ReStored". To enter this division, the artwork must be made from items purchased at the Fremont County ReStore.-(out of area artists may use their local ReStore, but receipt must be itemized). There is a separate entry form and fee for entry in the "ReStored" division, but it will be judged using the same criteria.

This year, we are working with the Fremont Center for the Arts (FCA), our community arts center! The show will run November 3rd-25th and will be open during regular FCA hours. No admission fee will be charged and FCA will be offering adult and youth classes on recycled art. Watch their Facebook page and website: www.fremontarts.org for class times and subjects.
